## Thoughts from the President

I would like to give you a brief update on the recent storm and fire events at Chatmoss Country Club. As you are all aware, a high wind incident damaged many of our club trees, as well as pool and tennis court fencing, among other issues. Luckily we have good insurance to cover these sorts of damages, and we have received our settlement; although there is work to be done, we are close to completing our tree work and our fences will be repaired in the next week. The fire in the Cabana certainly was a shock, but quick thinking by our staff minimized the damage. We again are in the midst of working with insurance estimators, and will begin a series of discussions with a country club architect (who designed our current clubhouse) to review how to rebuild the Cabana. This project will involve significant input from our membership as we have the opportunity to redefine the cabana operation, and develop a long term plan to serve pool, tennis, golf, and other social groups in a casual atmosphere. Our intention is to develop two or three conceptual designs, estimate the costs of each, and sit with our membership in a series of Town Hall style meetings to discuss further the merits of each concept. This type of dialog works well at other clubs and the input received is extremely valuable in developing a final plan. I would encourage you to offer your suggestions as we go to Beth Sibbick (bsibbick@comcast.net), who is chairing the committee to rebuild the Cabana (our first decision made is to rename the Cabana).....

Thanks for your continued support of Chatmoss Country Club and look forward to your input on these projects!

Thanks and see you at the club!

*Richard Lawhon*  
President

## Comments from the General Manager

It's been quite a summer here at Chatmoss. Between the storms that hit our area during the last week of June and the fire that we had in the Mushroom, I think we were all ready for some peace and quiet.

I would like to thank the Membership for their patience this summer with the antiquated set up at the pool. The beverage cart was the best solution to offer poolside service to our membership. Thanks to our President Richard Lawhon for picking the pop up tents which offered the guests as well as the employees some welcome shade.

Don't forget our closing event for the 2015 pool season, the annual Chatmoss Labor Day cook-out. Please join us for Joe's famous slow cooked baby back ribs, grilled chicken, hamburgers, hot dogs along with the usual cookout fare.

Looking into the fall, I know that we are all ready for the cooler and drier weather. Mark your calendars for October 3rd when we will have our First Progressive Dinner at Chatmoss. For seasoned and amateur golfers this event will take us around various areas of the golf course for games, cocktails and hors d'oeuvres and end up on the patio for dinner and dessert. This event has been a favorite of mine and I look forward to sharing it with my Chatmoss Family!

Music has filled the halls of Chatmoss this summer thanks to Myrtle & CJ Robertson who arranged for not only Ike Schofield most Friday's but Jay Stafford as well. Hopefully many of you also came out for dinner on August 8th and enjoyed the sounds of CeCe Miller in the Elmwood Bar. Many thanks to Myrtle for her dedication and generosity in making our summer months more enjoyable and busier.

Moving into October we will begin to see pumpkin patches sprouting up all over Martinsville. Don't forget to dress up your little goblin or princess and join us on Wednesday, October 28th for the Chatmoss Hayride and Halloween Party!

The Chatmoss Member/Guest was a great success this year and congratulations to the winning team, Bob Burton & Arnold Ashby.

It's not too early to schedule your holiday events for this year. We already have a few events on the books for December, please call the club and book your date for 2015!

## MGA Message:

We hosted one of the best attended and best run Member Guest Tournaments, August 1-2. There are almost too many people to Thank, but I'll take a run at it. First, I want to thank the members that committed to play in the event. Parties are always better when there is a big crowd involved. It's not a cheap weekend, but when you add up everything, it is a heck of a deal, and great opportunity to show-off our club! A Special thank-you to those members that added sponsorships to help the MGA cover the opening reception.

Our Tournament committee wants to thank Michael, Kelly, Chef, and staff on providing great meals and social function over the weekend. The Friday night social hour might have been one of the best in history! We want to thank Robert, PC, and Woodsen Smith, along with the rest of the Pro Shop staff in running a great golf tournament. We were really happy with the format this year, and unless something changes, we will stick with it awhile. Friday will remain our practice round. A Special thank-you goes out to Jodie, Lee, and the maintenance crew on giving us the best course they could. It's been a tough summer on the greens, but the golf course looked great, and was really an afterthought once the golf started. And I would like to thank our Tournament Committee, Frankie Shelton, Gus Barber, and Will Smith for all of their input. It was a great weekend to be a part of the MGA, and a member of Chatmoss CC.

Save the First weekend in August 2016; Aug 2-3. That is an early notice!

*Dean Johnston*

For this month, I'd like to change the name of this to On the Fairways. Really anything but On the Greens. Seriously it has been a great summer for the bermudagrass here at Chatmoss. After what was an awful 2014 bermudagrass growing season, and a very bad fall overseeding, we found a silver lining that turned out to be a few inches of snow. The timing of which was perfect as it provided insulation against the bitter cold single degree temperatures that followed. While our bermudagrass made a strong push right off, courses 45 minutes to an hour south of us that did not have snow at the right time were faced with acres and acres of dead bermudagrass. To make matters worse, with high demand and a low supply of bermudagrass sod costs were way higher when and if they were able to find sod.

As for our greens, it was and is another situation entirely. Lack of air movement and shade has gotten worse every year as our trees get bigger. We have cut some trees strategically but overall we have not made nearly enough progress on most of our greens. Even some of our greens that have less shade problems still suffer from lack of air movement. And all of our greens except number six have no internal drainage. To compound the problem of no drainage, poor sunlight and no air movement, some of the greens have areas that water ponds because it has nowhere to runoff. Then you add insult to injury when rain hits on July 3, July 4, July 5, July 6, and July 7. After checking the climate data for Martinsville which showed nearly 3" rain fell over these five days, it was pretty easy to see where our damage was done. Up until then we were not pushing too hard for green speed using aggressive mowing heights either. We were spraying chemicals for root rot prevention as well. But in the end we lost.

To make matters even worse, with all that going against our ability to maintain good greens, we have the areas that were sodded two years ago. Sodding on bentgrass greens is never an easy proposition. No matter how good a job is done getting the surface level, and I will say the company that did our work did an outstanding job, the sod is always going to be different. Even areas that were tilled very well never match the rest of the green exactly. In addition the soil from the sod itself introduces another variable layer of soil that impacts infiltration and air exchange into the root zone. Eventually over time with aggressive aeration you may get those areas to behave more like the rest of the green by removing as much of the sod layer as possible, but it will take some time. Until then those areas are less likely to survive stress comparable to the rest of the green.

So what do you do? First and foremost you make sure you alleviate as many factors causing stress as you can control. Those factors being shade, limited air movement, surface and subsurface drainage. It's not going to be easy, not going to be inexpensive, but it is going to be necessary to do what we are able to do. First plan of attack is already underway which is our short term goal of getting what we have healthy. The weather is cooperating at the moment with less heat and less humidity. Cooler nights are certainly a welcome relief at the moment. We are trying to take advantage of better growing conditions to verticut, aerate, seed, sand and fertilize weak areas and regrow as much as possible. After we get through our aeration and get the greens recovery in progress we will work on small sodding and or plugging of bad areas remaining.

Working with Gus Barber and the Green Committee we have been in contact with Dr. Yelverton for advice in the past few days. It's very early in the planning phases but we will be working very hard on putting together a good solid plan to help give our greens what they need to better survive. Right now we are investigating all options. It's way too early to say this is going to happen, or that is going to happen today. But I think before the next newsletter goes out there will be more information coming.

# Tennis

We have an exciting and busy fall coming up. You will see listed below a detailed calendar of events. All events are subject to participation and may be cancelled if we do not have 4 players signed up. So, if an event does not work one month, we have another date in the near future for you to try. When doing our fall calendar we realize that other events may come up and be a conflict but we hope that you might be able to attend the next event that interest you. If there is an event that you do not see but would like for us to try, let us know.

At the time of this email, we are still in the process of repairing the fence between our outdoor clay courts. We appreciate everyone's patience while we work to repair the fence.

With the start of fall, our indoor season is right around the corner. If you are interested in a contract time for the winter months, please contact the pro shop for available indoor times. Indoor court times from last year will have first right of refusal, but there are many court times for you to choose from to use this winter.

## Contract Time Costs

\$625.00 per court for 1 ½ hours

\$ 775.00 per court for 2 hours

Indoor season November 1st till April 30th

# Fitness Center

Another school year begins and like many years in the past this time of year brings a lot of us into more of a daily routine. We hope that as your days become full of activities that you carve out a little time to come workout with us. Fitness classes are a great way to get in a great workout in a structured atmosphere. We offer a great variety of classes and hope that you find one that interests you. We send out a weekly email detailing the classes for the upcoming week and their instructors. If you are not receiving this please call the tennis pro shop so we can make sure to get this corrected. Below are few important things to remember about the fitness center and classes.

- Members first time to a group class is free.  
Please note on sign in.
- Sign in to the gym and group classes prior to start.
- Sign in guests. Guest fee is \$10.00
- Be respectful of fellow members with language and music while working out.
- Remove weights and replace on racks after using them.
- Wipe equipment down after use.

Doing these few simple things will hopefully make for an enjoyable experience for everyone.

We are excited about offering our member appreciation and fall kick off week. This will be the week of September 14 -18. During this week all of our group classes will be free to our members. This is a way to say thank you to those members who have been working out with us and an opportunity for those who have been thinking of taking a class to try one out. This is a great opportunity to come out with your fellow members and enjoy a group class.

Remember that our class schedules are listed online and in print at the fitness center. We also send out a weekly schedule of upcoming classes on Sundays. If you at any time stop receiving these emails please let us know so that we can address this. Thanks for all of your support and we look forward to seeing you at the fitness complex.

Gratefully,

*Mike Weidl*

# Serving It Up From Chef Joe

It seems as though the summer just started and the kids are already preparing to go back to school. Even with the schools starting, there are still several months of great weather. Be sure and check the newsletter and your

emails for fun events planned on the patios.

I would like to give a special thanks to the Men's Golf Association and for everyone that participated in Member Guest Weekend. This may have been our best one yet!! Already looking forward to planning for next years.

Also, just a friendly reminder, the holiday season will be upon soon. If you are planning on entertaining at the club, please contact Michael or Kelly to check for date availability.

See you at the club!!
